We focus on the Adirondack beauty throughout this 116 mile excursion and gondola ride to the peak for a fee of \$16.00. Approximately 2 1/2 hours to get there, and back, with about 1 hour or more, based on the groups decision, on the top to really see the beauty of the Adirondack fall foliage. Fuel stop after the Mountain excursion, for those that may need to top off. Truly a great all-encompassing ride to garner the beauty of it all. We focus on the things that matter most – keeping our product the best that it can be. During this time, the Adirondack fall foliage is normally gorgeous and truly a sight to behold. Cameras recommended. Truly you can experience the Mountain as it should be, from the sky down! This is a great 116 mile ride with the gondola ride as a rest stop for all to enjoy. Lunch on your own?
